

Instructions to Districts for Sample Income Declaration

Use the Sample Income Declaration for Title I-A & E-rate 2017-2018 shown below (found at <http://education.alaska.gov/ESEA/TitleI-A/>) in conjunction with the Income Eligibility Guidelines for 2017-2018. These will be found on the Alaska Department of Education School Nutrition Programs website: <http://education.alaska.gov/tls/CNP/NSLP.html>

The number of family members needed to qualify based on the yearly income is 1 for the lowest level (\$27,861 or less) to 10 for the highest level (\$114,941) in the chart below. If a family has more than 10 members, add \$9,676 for each additional family member.

If the number of family members reported matches the income level on the income guidelines for free or reduced lunch, the children in that family meet the criteria for economically disadvantaged under Alaska regulation 4 AAC 06.899(5) and must be reported in that subgroup in state data collections and assessments.

Dear Parent,

The following information is needed by our school. This information will be used for the E-rate program to determine our school discount for telephone and Internet. It is also needed to meet federal and state laws for Title I-A, and may be used to qualify for additional grants. (This table is from the Alaska Income Eligibility Guidelines for Free and Reduced Meals, but does **not** determine Free and Reduced Lunch eligibility.)

Please check the row that best describes your family's annual income level (including all taxable income).
